

VAISHNAVI PASHAM

ECE Student | VLSI and Embedded Systems

vaishvaishu3003@gmail.com | +91 8008129882 | Shamshabad, Rangareddy, Telangana

SUMMARY

Motivated and dedicated B.Tech student with a strong interest in VLSI design and embedded systems. Possesses solid fundamentals in digital electronics, microprocessors, and circuit design, along with hands-on exposure to embedded programming and hardware interfacing. Eager to apply technical skills to real-world challenges and contribute to innovative technology solutions.

EDUCATION

B.Tech in Electronics and Communication Engineering

Aug 2023 – Present

JB Institute of Engineering and Technology, Moinabad, Hyderabad.

CGPA ~ 7.0

Intermediate (12th Grade)

Jun 2021 – Mar 2023

Sri Chaitanya Junior College, Hyderabad.

Percentage: 88%

Secondary School (10th Grade)

Apr 2021

Ravindra Bharathi School

Percentage: 100%

SKILLS

- Excellent Written and Verbal Communication Skills
- Teamwork & Collaboration
- Time Management
- Basic Computer Skills (MS Word, Excel, PowerPoint)
- Basic Knowledge of Embedded Systems & IoT
- Arduino IDE, PCB Design, MATLAB and verilog

INTERNSHIP / TRAINING

Embedded Sensor Integration with Arduino

Oct 2024 – Nov 2024

Ignite Embedded Systems Pvt. Ltd., Hyderabad.

- Gained hands-on experience in sensor integration using Arduino.
- Learned basics of embedded systems and real-time applications.

PROJECTS

Autonomous IoT Gas Leakage Detection and Safety Management System.

- Designed a real-time gas monitoring and safety system using ESP32 microcontroller
- Integrated MQ gas sensor and DHT11 sensor for detecting hazardous gas levels and environmental changes

Smart PPE Compliance Monitoring and Reporting System for Underground Coal Mines

- Developed an IoT-based system to monitor PPE compliance in underground mines in real time.

CERTIFICATIONS & ACHIEVEMENTS

- Secured Second Runner-Up in Hacktronics 2.0, a National Level Hackathon conducted by Anurag University (Feb 2026).
- Participated in Smart Innovation Hackathon 2026 at JB Institute of Engineering and Technology (April 2026).
- Completed a 3-day hands-on workshop on PCB Design, gaining practical experience in circuit design and layout.
